

How to BURY the GIANT

The climate emergency is the giant of our times.

But when we look to nature, we can find hope and new ideas.

Join the Art and Energy Collective to make a massive moss inspired artwork which celebrates the actions we are taking for our planet!

Look at moss!

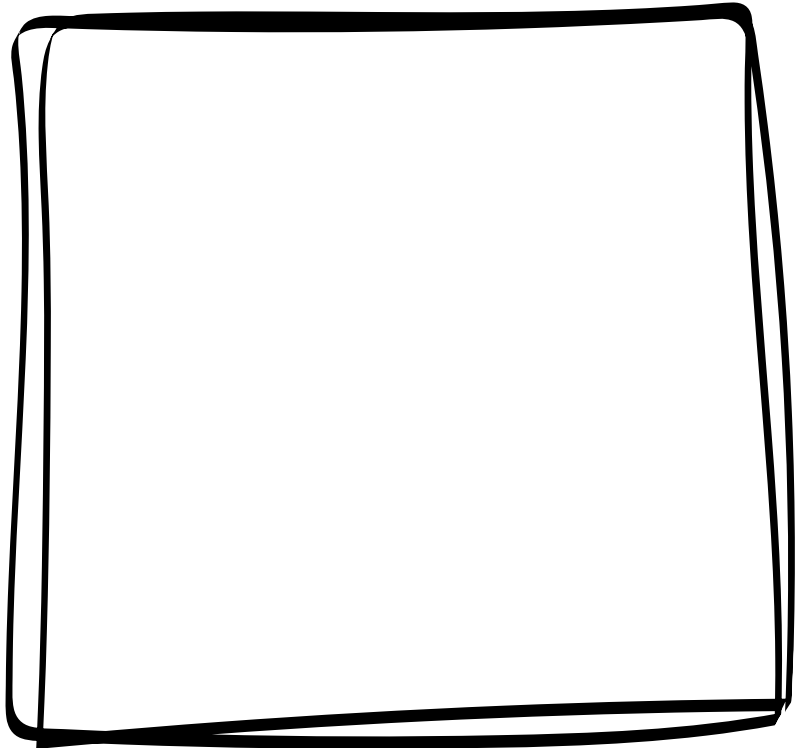

Use more of your senses.

Look, listen, feel and smell the moss!

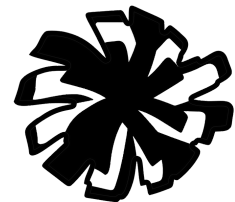

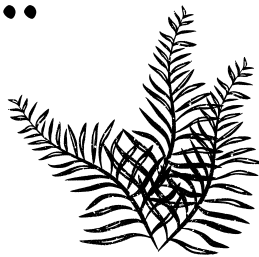

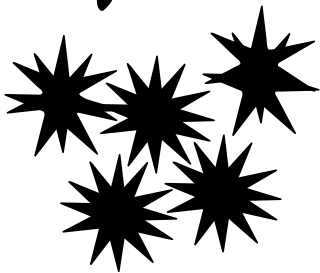

Find some moss, then
get up close and look!

What do you notice?

Draw what you see.

Can you find....

**Describe with
your own words!**
